DSA240X150NA

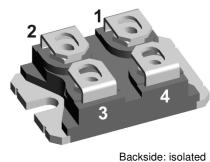

Schottky Diode

V_{RRM}	=	150 V
I _{FAV}	= 2x	120 A
V _F	=	0.85 V

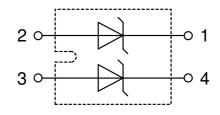

High Performance Schottky Diode Low Loss and Soft Recovery Parallel legs

Part number

DSA240X150NA

E72873

Features / Advantages:

- Very low Vf
- Extremely low switching losses
- · Low Irm values
- Improved thermal behaviour
- High reliability circuit operation · Low voltage peaks for reduced
- protection circuits
- Low noise switching

Applications:

- · Rectifiers in switch mode power supplies (SMPS)
- Free wheeling diode in low voltage converters

Package: SOT-227B (minibloc)

- Isolation Voltage: 3000 V~
- Industry standard outline
- RoHS compliant
- Epoxy meets UL 94V-0
- Base plate: Copper
- internally DCB isolated
- Advanced power cycling

Terms Conditions of usage:

The data contained in this product data sheet is exclusively intended for technically trained staff. The user will have to evaluate the suitability of the product for the intended application and the completeness of the product data with respect to his application. The specifications of our components may not be considered as an assurance of component characteristics. The information in the valid application- and assembly notes must be considered. Should you require product information in excess of the data given in this product data sheet or which concerns the specific application of your product, please contact the sales office, which is responsible for you. Due to technical requirements our product may contain dangerous substances. For information on the types in question please contact the sales office, which is responsible for you. Should you intend to use the product in aviation, in health or live endangering or life support applications, please notify. For any such application we urgently recommend

to perform joint risk and quality assessments;
the conclusion of quality agreements;

- to establish joint measures of an ongoing product survey, and that we may make delivery dependent on the realization of any such measures.

IXYS reserves the right to change limits, conditions and dimensions.
